PROFESSIONAL EXPERIENCE

Boston Consulting Group

Chicago

Senior Knowledge Analyst – Customer Journeys

May 2022 – Present

- Assembled roadmaps for customer-facing products and services, incorporating user personas, process improvements, contact channels, analytics suggestions, emerging technologies, and other features to guide the development of new products for clients across Banking, Insurance, Enterprise Technology, Healthcare, Telecommunications, Industrial Goods, and Government
- Designed and facilitated cross-functional workshops attended by client leadership teams throughout the entirety of the product design process, from market research to feature design and value tracking to drive decisions around top-priority products and ensure alignment across business units
- Built and deployed a gamified e-learning platform product for client delivery teams, managing vendor development teams and sourcing software tools to ensure desired learner impact, eliminate client onboarding delays, and drive improved delivery outcomes
- Recognized as Chicago's "Spotlighted Analyst" for June 2023 after supporting 40+ product strategy & design cases across 5 continents in first year with BCG

Deloitte Consulting

Chicago

Business Technology Analyst – Functional Lead

March 2021 – April 2022
